

HARVEY®

Hello, I am Harvey the Lifestyle Dog®

You might be wondering what I am doing here? Well I'm wondering that myself because going to the vet generally means you are sick. It also means needles that hurt or pills that are always far too big to swallow! On the other paw some of us just love the attention and can't wait to have one of those delicious liver treats – my mouth is watering just thinking about it.

Having said that, you may now be wondering: 'What makes Harvey a Lifestyle dog?' It's a long story and no doubt I will have many opportunities to tell about some of my outrageous adventures. Which, I must say, all began when I realised just how much we have in common with our owners – healthy eating and regular exercise is just the beginning.

Our influence on human life is an education to them and it's very clear that emotions and affections form a large part of our shared relationships. That's when the fun starts!

To have a good home and to be loved is the first step towards good health and you could not wish for more than to have a good vet to support you. So between us we want to keep you in touch with what is going on behind the scenes at the practice and give you lots of tips on how to continue your healthy lifestyle!

Happy Days

Harvey
